

## **Math Summer Work**

All returning students are expected to complete a math summer work assignment before they return in the fall. This assignment will be graded and will be worth 5% of your first quarter grade. The Khan Academy Incentive program will run again next year as well, so this summer work also gives you a head start in earning some bonus points for the upcoming year.

Almost all assignments will be done on the Khan Academy website. Every returning student already has an account for Khan Academy. You are expected to master 10% of the skills for the course assigned by your current teacher. A list of the courses is given below for your reference.

### **Middle School Assignments**

<b>Course Enrolled Next Year</b>	<b>Khan Academy Course</b>
Math 7	Grade 7 Math
Accelerated Math 7	Grade 7 Math
Math 8	Grade 8 Math
Algebra 1 Honors	Grade 8 Math

### **High School Assignments**

<b>Course Enrolled Next Year</b>	<b>Khan Academy Course</b>
Algebra 1	Algebra 1
Geometry	Geometry
Geometry Honors	Geometry
Algebra 2	SAT
Algebra 2 Honors	Algebra 2
